

Kabel sieciowy Kramer C-UNIKat-6 (1,8m)**94,76 zł**

77,04 zł netto

 OPIS

Kramer's C-UNIKAT cable is a unified CAT6a cable that handles all the latest technology signals. Over four individually screened twisted pairs, this U/FTP CAT6a cable runs Kramer's DGKat™ technology, 4K HDBaseT™ technology or LAN applications and ensures optimum signal performance.

- Quality Construction — 4 shielded twisted pairs (U/FTP) of 23AWG solid copper conductors are cabled together in an unshielded outer jacket.
- Optimized for Kramer Hardware — Use with any of Kramer's wide range of twisted pair digital transmitter-receiver sets (DGKat™ and HDBaseT).
- High-Quality Shielded RJ-45 Connectors — 50u gold plated contacts.
- Length — 1.8 m.
